"my faith looks up"

THE right to worship according to our own beliefs has become a freedom to cherish. Side by side, we work and live guided by the concepts of Faith.

The tools of our craft turned churchward have created a lasting contribution to Christian devotion. A wide choice of sacred vessels and Altar Appointments is offered here to keep fresh the influence of liturgical services. Each piece is beautifully proportioned and fashioned to the highest standards of fine silver artistry. Choose with confidence, because each piece carries the trademark of . . .

THE INTERNATIONAL SILVER COMPANY
MERIDEN, CONNECTICUT

chalices

*"Hic Est
Enim Calix
Sanguinis Mei"*

ALL chalices illustrated on the following pages are crafted in strict accordance with the rubrics. Each one is flawlessly proportioned in substantial weight and properly balanced for stability. Authentic symbols and inscriptions are hand engraved or etched. The metal is the finest it is possible to obtain for this purpose . . . 925/1000 fine sterling as established by United States government standards.

All chalices are plated with 24K gold and chalice cups lined with 24K gold.

A sterling silver goldplated paten of the proper size is furnished with each chalice. Symbolism on the paten matches or harmonizes with the chalice.

When ordering, please write out full description and list price as shown in this catalog. For example . . .

NEW INTERNATIONAL STERLING PYX with self-adjusting paten

Safer • Easier to Use • Easier to Purify • More Durable

This new Pyx opens and adjusts for ready use in one safe, easy motion. Just turn back the safety tab and use it as a handle... as you do, the cover automatically raises and stops in just the right position to serve as a paten.

NOTE THESE SPECIAL FEATURES:

Safe — won't open until you raise the safety tab.

Smoothly polished gold-lined interior, has no small crevices and is easy to purify.

Heavy weight sterling used throughout and specially heavy stock used in the hinge for greater durability.

Domed bottom of host compartment offers easier access to remaining hosts.

Compact — only 1-13/16" in dia. and 1-1/2" in depth.

The safety tab is decorated with modern symbolism by a leading designer.

This new Pyx was designed and developed under the technical supervision of four priests.

See how safety tab serves as convenient handle. Cover adjusts to position toward the communicant to serve as a paten.

Open view shows three principal parts: The Host compartment
The cover which adjusts to serve as a paten, and
The safety tab which adjusts to serve as a handle.

E240 Pyx \$25.00
